1

Fix the NHS so people get the appointments and treatment they need

i

Number 1 cause of hospital admissions for children between 6 and 10 years old:

TOOTH DECAY

→

Pay NHS staff properly for overtime to bust the backlog and recruit 8,500 extra mental health professionals to drive down waiting lists.

→

Deliver an extra 2 million operations, scans, and appointments in the first year of a Labour government to get patients diagnosed earlier.

→

Implement a national Dentistry Rescue Plan with 700,000 extra appointments each year – vital for Haslemere where NHS dentists aren't accepting new patients.

→

Alex will fight for improved health services across our constituency, with Labour's new Neighbourhood Health Hubs. These will bring family doctors, district nurses, physiotherapists and mental health professionals under one roof for joined up medical care in your local community.

2

Protect our local environment and turn on Great British Energy

i

Over 2,200 hours of sewage went straight into the River Wey in 2023.

→

Invest massively in home-grown renewable energy, using what Britain has in abundance: wind and water. Energy security will stop our energy bills being at the mercy of foreign powers.

→

Introduce automatic and severe fines for polluting water companies and block bonuses until water bosses have cleaned up their filth.

→

Ban new onshore gas drilling licences – we can't let the Tories approve more fossil fuel projects like Dunsfold which threaten the Surrey Hills, particularly when a Climate Emergency has been declared by both Surrey and Hampshire County Councils.

→

Alex will oppose the expansion of private jet flights at Farnborough Airport.

A Local Movement

Since the election was called we've had hundreds of volunteers join us on the streets, on the phones, and dropping leaflets – spreading the word to friends and neighbours. If you'd like to find out how you can help work for change scan the QR code here to find out more.

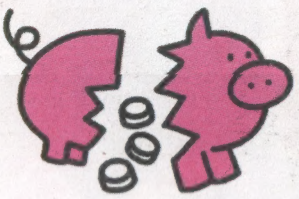

3

Reboot our town centres and grow the local economy

i

Average households will be £1,900 poorer at the end of this parliament than they were at the start.

→

Give our local communities a Community Right to Buy and councils new powers to get empty shops, pubs and community spaces back into use.

→

Scrap business rates and replace them with a system which doesn't punish bricks and mortar businesses.

→

Reform planning rules and recruit hundreds of extra planners to deliver the biggest boost to affordable housing in a generation while also enhancing local communities' power and voice over how housing is built to best service local people.

→

Kickstart a skills revolution with a new generation of Technical Excellence Colleges, offering people in Haslemere more high quality apprenticeships and training opportunities tailored to local jobs.

→

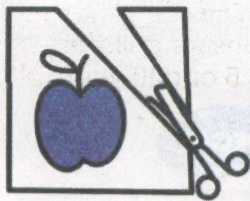

Make work pay by introducing a new deal for working people and delivering a genuine living wage, banning zero hours contracts and ending fire and rehire. Creating well-paid jobs across all parts of our community will make working people better off and more secure.

4

Invest in young people

i

The Conservative and Lib Dem cuts have slashed local school budgets by £6.5 million since 2010 – with several primary schools losing over £1,000 of funding per pupil.

→

Recruit 6,500 more teachers and employ mental health support staff in every school to boost the wellbeing of young people, many of whom are still suffering the effects of lockdown.

→

Deliver free breakfast clubs in every primary school in Haslemere so that no child starts the day hungry.

→

Open new Youth Futures hubs to bring local services together and support teenagers at risk of being drawn into crime or facing mental health challenges.

→

Develop a curriculum that helps students develop creativity, digital and speaking skills.

→

Alex will organise an annual FAB Debating Cup and run public speaking workshops in every primary and secondary school in our new constituency.

Find out how much your local school has lost out because of the Conservative and Lib Dem education cuts.

5

Make our streets safe again

i

Today 82% of burglaries in Hampshire and Surrey are unsolved.

→

Guarantee town centre patrols by putting 13,000 more neighbourhood police and PCSOs on the beat. Every community in Haslemere will have a named officer.

→

Tackle shoplifting gangs by ending the "£200 rule" brought in by the Conservatives which stops thefts under £200 being investigated – even if the same gang comes back time and again.

→

Crack down on anti-social behaviour through tough new Respect Orders with criminal sanctions for persistent anti-social behaviour.

→

Fast-Track the recruitment of specialist detectives to increase the proportion of crimes solved with a dramatically larger pool of prosecutors to bring criminals to justice.

Time for change

X Alex Just  Labour

Katie Critchlow
Liberal Democrat MP Candidate, 2019

I'm backing Alex Just because **Labour has the best chance to beat the Tories** here and begin rebuilding our future. Labour is the only party with practical environmental pledges, and Alex, by working with a Labour government, is the only candidate who can deliver them.

Sam Pritchard
*Conservative Councillor
Waverley: 2007 - 2011 and 2015 - 2017*

I'm backing Alex Just because **I have been impressed by Alex's personal integrity and honesty**. The Conservative candidate has made unfunded promises, like a rail station in Bordon, which will cost over £1bn. The Conservative is saying whatever he thinks will get him elected. That is selfish politics.

Stuart Lang
*Liberal Democrat Councillor
Waverley: 1991 - 1999
Farnham Town: 2003 - 2007*

I'm backing Alex Just because I want a strong local voice in Government for our community, and at this election, only Alex Just can deliver that. **Lib Dems are a protest party of gimmicks and no policies.**

THE SUNDAY TIMES

Survation megalpoll of your new seat

New constituency boundaries, and consistent campaigning by Alex Just on local issues throughout the last year has put **Labour as the clear favourite to beat the Tories.**

750/1

Odds of Lib Dem Govt*

*Betfred 28th May 2024

Voters need a strong local MP who can work within **the party of government to bring about change.**
